

We're #7

On March 1st, 2005 Rhode Island becomes the seventh state in the nation to provide smokefree workplaces.

Whether you're a waitress, bartender, work in a factory or garage or just about anywhere, you'll be breathing easier.

Thank you to our legislators and partners for supporting smokefree workplaces!

For information on the new smokefree workplace law, call the Rhode Island Department of Health at 401-222-3293 or visit <http://www.health.ri.gov/disease/tobacco>.
